

Dear Allen,

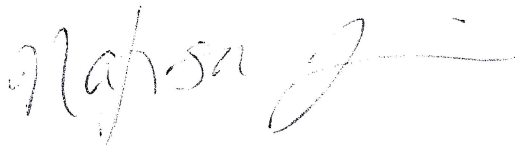

Once again, STARS would like to express our sincerest gratitude for your continued support of the STARS calendar. Your generous donation to our 2012 calendar has helped us make a difference in the lives of many and has allowed us to continue our mission to provide the highest level of care for the critically ill and injured.

Much like the Sawchuks, STARS values the importance of family. We were honoured to be a link in the chain of survival that was able to provide the critical care your father, Steve, needed and to allow you to create many more memories with him for years to come. Pro Energy's donation to STARS is what helps make this a reality not only for your family, but for other families across Alberta as well. Being able to hear the amazing stories of our Very Important Patients (VIPs) and seeing them enjoy time with their loved ones is what brings everything full circle for us at STARS.

STARS is over 80% funded by donor contributions in Alberta, making the calendar campaign and your generosity an integral part of keeping STARS in the sky. Since 1985, STARS has flown over 24,000 missions and has recently expanded into both Saskatchewan and Manitoba. In Alberta alone, we flew 1539 missions in 2012. By giving to STARS, you're not only supporting our organization but the numerous communities that are able to access our service in their time of need.

Our vision is saving lives through partnership, innovation and leadership. Pro Energy plays an important role in allowing us to achieve our vision by upholding the same values. Allen, we look forward to a continued partnership as we both strive to uphold these important principles and make a difference in the lives of the communities in which we live and operate.

Thank you for your generous support.

Nafisa Taimuri, BSc
